## MPW SUPPLY CHAIN NEWSLETTER – APRIL 2018

### MPW ADDS CAROTRANS TO LIST OF PROVIDERS

To strengthen MPW Supply Chain’s Australasian LCL service offerings we have started working more closely with the New Zealand owned global NVOCC Carotrans on certain trade lanes.

Carotrans is one of the market leaders in FAK (Freight All Kind) consolidations from the USA into Australia and New Zealand as well as having weekly services to and from Europe and Asia which means fantastic pricing and service for our clients.

Not only does this vastly improve our door to door service into Brisbane, Sydney, Melbourne, and Adelaide, but it gives us the ability to ship directly into New Zealand meaning you can service your Kiwi clients from Australia.

We can also now offer Same Day Ex-Works LCL costings out of the USA, so contact us today for an LCL Seafreight quote (Import or Export)!

### DID YOU KNOW WE WORK WITH COURIERS?

If it’s 1KG, or 1000KG, Import, Export, Local or International, MPW has access to the right courier for your business.

Not only do we provide a quote (in most cases within the hour) to and from almost anywhere in the world, but we have access to fantastic pricing meaning you don’t have to shop around, we do it all for you!

When you book a courier job with MPW Supply Chain Consultancy, you will have a copy of your consignment note, and labels instantly as well as a link to your tracking. We like to think dealing with couriers shouldn’t be so hard, so have made it a one-stop-shop.

Get in touch today and get a quote, all we need is the cargo dimensions, and shipper/receiver post codes and we’ll get a quote to you straight away!

*Excludes Dangerous Goods (DG)  
Quote times are subject to correct information being provided.*
